

**NetLibrary eBook Collection Worksheet**

Last updated 8/28/09.

**Find a Book using NetLibrary**

1. Go directly to <http://www.netlibrary.com>.
2. When the NetLibrary screen appears, create an account by clicking on **Create a Free Account**. You must use a computer located **on campus** to create the account.
3. When the next screen appears, fill out the required information. When you are done, click on the **Create Account** button. Remember to make a note of your **username** and **password**.
4. Once your account is set up, you can access NetLibrary from off-campus by clicking on the **Log In** link and entering your NetLibrary username and password.

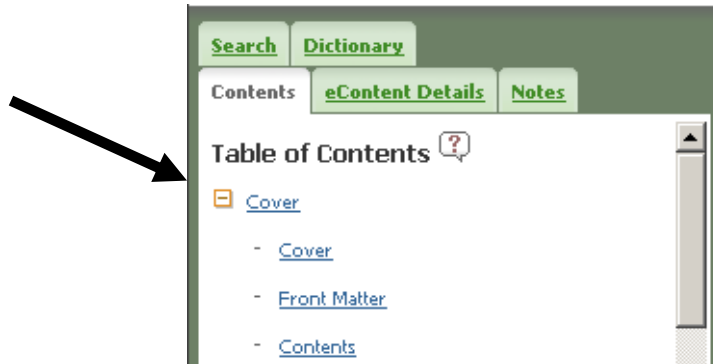

5. From the NetLibrary Basic search screen, **type in search terms for any topic**. Use the menu on the left to select where the terms should be found. Press the <Enter> key or click on the **Search** button to execute your search.

6. When the Search Results list appears, browse this list and select any book that interests you by clicking on **View this eBook**.

7. When your eBook appears on screen, browse some of the chapters or sections of your eBook by selecting them from the table of contents on the left.

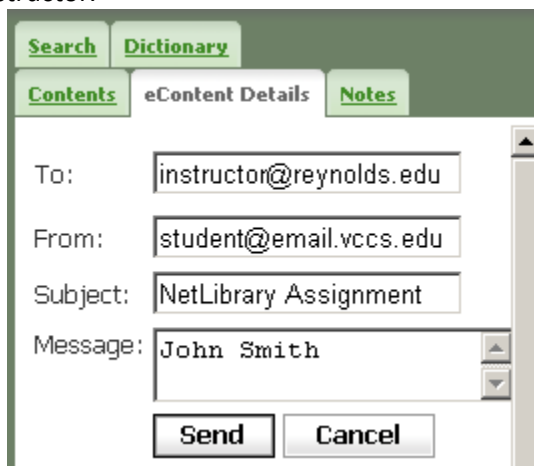

8. Click on **eContent Details** from the menu on the left.

9. When the *eContent Details* screen appears, scroll down and click on **Email this Information** under *Options*.

10. When the Email screen appears:
- Type your **instructor's email address** in the *To:* window.
  - Type **your email address** in the *From:* window.
  - Type **NetLibrary Assignment** in the *Subject* window.
  - Type **your name** in the *Message* window.
  - Press the <Enter> key or click on the **Send** button to send this eContent Details message to your instructor.

11. **Print out the cover page** of your book and **attach it to this worksheet**.
